NOBILIBVS, CLARISSIMIS, PRVDENTISSIMISQVE VIRIS, AC DOMINIS CONSVLIBVS, PROCONSVLIBVS, CÆTERISQVE SENATORIBVS SACRI ROMANI IMPERII ciuitatis Colonienſis Agrippinæ,
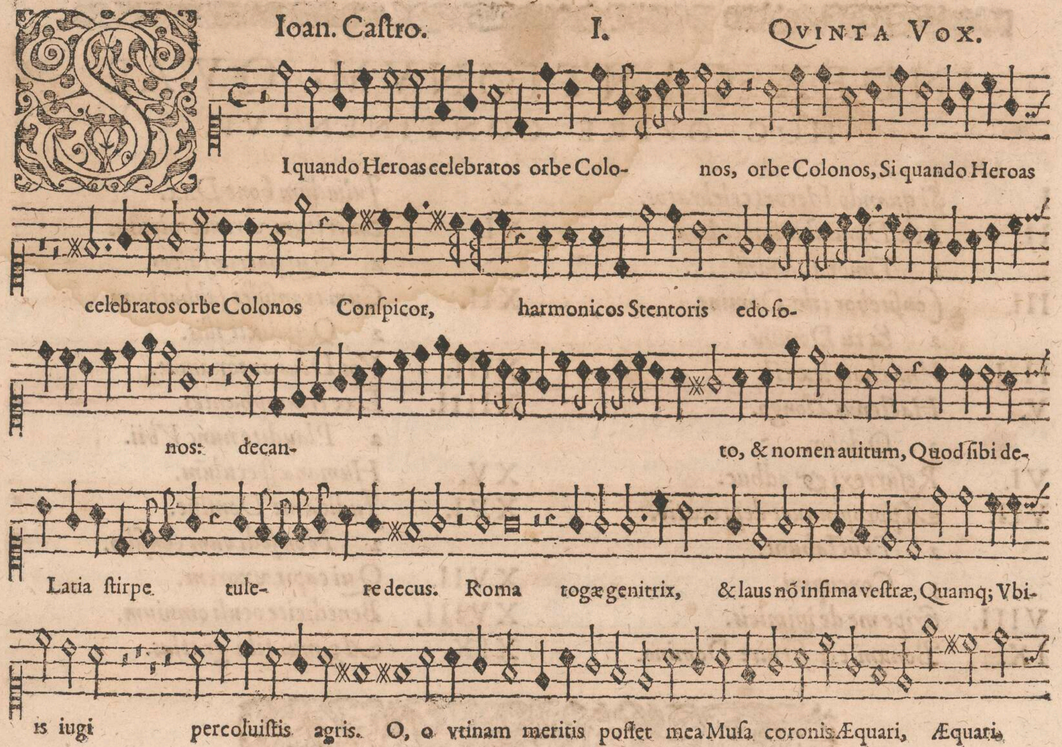

IOANNES DE CASTRO S. P.

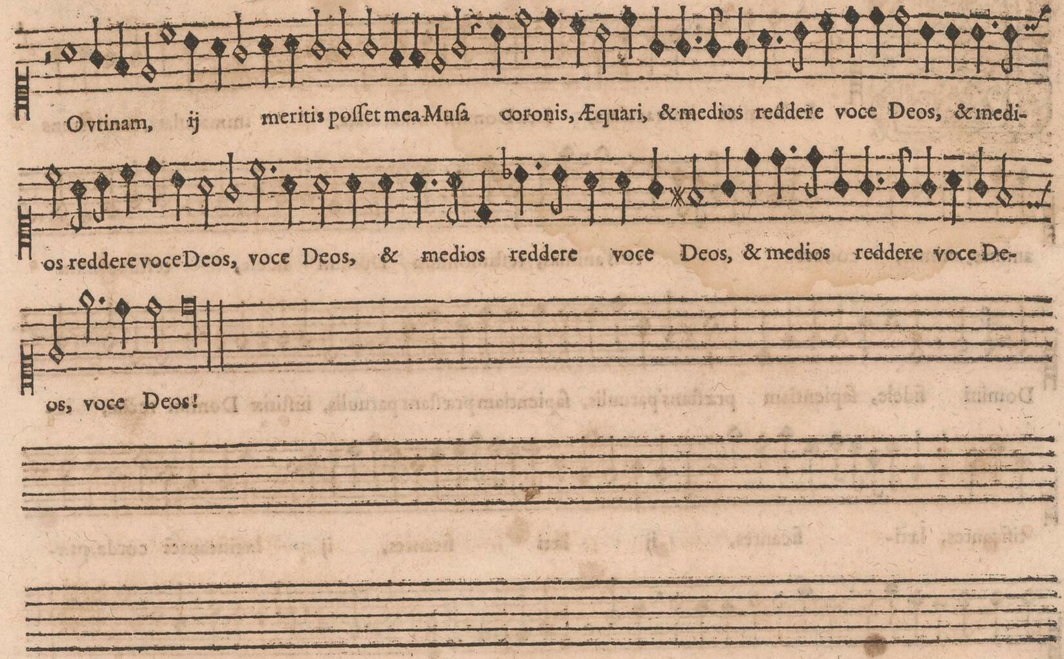

VETVS hæc conſuetudo eſt, ampliſſimi, prudentiſſimiq; viri, vt, qui aliqua ingenii induſtriaq; ſuæ ſpeciminain publicum emittunt, ea magnis viris dedicent; eaq; oblatione partim ſuam erga illos obſeruantiam & ſtudium declarent, partim eorum beneuolentiam ac fauorem aucupentur; quin & monumenta ſua eorundem patrocinio aduerſus iniquorum obtrectationes muniant. Cum igitur & ego in iucundiſſimo Muſices ſtudio

mea industria documentum aliquod in lucem edendum existimarem, eiq; idoneis patronis opus esse cernerem; non potui aptiores quam Vos in hoc rerumpublicarũ theatro patronos circumspicere. Vt enim taceam harmonicam politia concinnitatem, qua multis magnisque ciuitatibus vrbs vestra sic prælucet, vt toto orbe celebratissimum eius per multa iam secula nomen sit; omnia scientiarum genera, liberalia præsertim, sicut summo semper fauore complexi estis, ita etiam magnis honoribus semper ornauistis. Testantur id scholæ; testantur tot eruditionis virtutumq; studiis dicata collegia: testantur qua longe lateq; per totam Europam ex vrbe vestra promanant omnis generis doctrina monumenta. Cuius magnificentia consideratio quàm magnam in animo meo admirationem excitauit, tàm ardens etiam sui studium in me accendit. Ac diu sane hanc obseruantiam meam magnifica amplitudini vestræ luculento aliquo argumento probare cupiui: sed aliàs alia mihi hucusq; obstitit fortuna. Tandem cum hæc quinq; vocum Motetasstudio & diligentia non vulgari confeciſſem, eorum dedicatione meum vobis animum patefacere visum est. Vos pro singulari humanitate vestra, munusculum hoc, quàm deuota offertur obseruantia, tàm prolixa benignitate accipere dignemini. DEVS opt.max. in pia felicia rerum administratione vobis vestræq; reipublicæ magis ac magis benedicat.

NOBILIBVS, CLARISSIMIS, PRVDENTISSIMISQVE VIRIS, AC DOMINIS CONSVLIBVS, PROCONSVLIBVS, CÆTERISQVE SENATORIBVS SACRI ROMANI IMPERII ciuitatis Colonienſis Agrippinæ,

VETVS hac conſuetudo eſt, ampliſſimi, prudentiſſimiq; viri, vt, qui aliqua ingenii induſtriæq; ſuæ ſpecimina in publicum emittunt, ea magnis viris dedicent; eaq; oblatione partim ſuam erga illos obſeruantiam & ſtudium declarent, partim eorum beneuolentiam ac fauorem aucupentur; quin & monumenta ſua eorundem patrocinio aduerſus iniquorum obtrectationes muniant. Cum igitur & ego in iucundiſſimo Muſices ſtudio

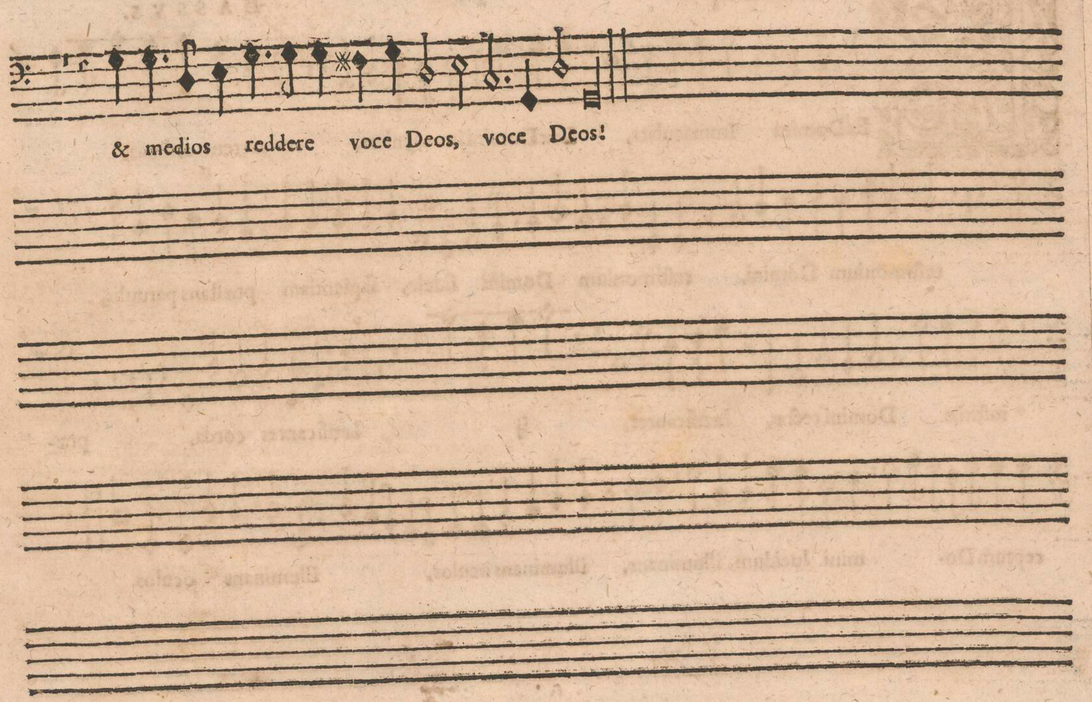

mea industria documentum aliquod in lucem edendum existimarem, eiq; idoneis patronis opus esse cernerem; non potui aptiores quam Vos in hoc rerumpublicarũ theatro patronos circumspicere. Vt enim taceam harmonicam politia concinnitatem, qua multis magnisque ciuitatibus vrbs vestra sic prælucet, vt toto orbe celebratissimum eius per multa iam secula nomen sit; omnia scientiarum genera, liberalia præsertim, sicut summo semper fauore complexi estis, ita etiam magnis honoribus semper ornauistis. Testantur id schola: testantur tot eruditionis virtutumq; studiis dicata collegia: testantur quæ longe lateq; per totam Europam ex vrbe vestra promanant omnis generis doctrinæ monumenta. Cuius magnificentia consideratio quàm magnam in animo meo admirationem excitauit, tàm ardens etiam sui studium in me accendit. Ac diu sane hanc obseruantiam meam magnificæ amplitudini vestræ luculento aliquo argumento probare cupiui: sed aliâs alia mihi hucusq; obstitit fortuna. Tandem cum hæc quinq; vocum Motetas studio & diligentia non vulgari confeciſſem, eorum dedicatione meum vobis animum patefacere visum est. Vos pro singulari humanitate vestra, munusculum hoc, quàm deuota offertur obseruantia, tàm prolixa benignitate accipere dignemini. DEVS opt.max. in pia felicia rerum administratione vobis vestræq; reipublicæ magis ac magis benedicat.

ANT. POVILLONIVS, Atrebas.

INgenij varios fœtus enixa sub auras
Hesperia, attonitum tenuit virtutibus orbem;
Hos cantu eduxit versuq́, lyrâq́ potentes
Queis studium caput ingenuas efferre per artes,
Et solidam scriptis æternis quærere famam.
Ast alios, laudis, vastâque cupidine regni
Incensos, docuit vitam finire sub armis;
Hic amor ad seros nomen transferre nepotes!
Huius ad exemplum florebat Belgia dives
Ingenijs, seu Pax vigeat, seu bella gerenda;
Hæreseon nilerna atrum cum felle venenum
Sparsisset, pestémque ferens lethúmque sine ictu.
Non valuit tamen ingenijs afferre ruinam
Extremam, micat ecce nouum inter nubila sydus,
Doctus Ioannes cantu placare Tonantem
Auersum terris, & flectere fata melodis
Vocibus Eurydicen vt quondam manibus Orpheus
Eduxit, cytharâque sciens & carminis Orpheus.
Quantus erit citharæque hæres, possessor & artis
Auspicio nutúque tuo, dominator Iberûm
Turnhatius procul a terris altum aëra tranans
Remigio alarum fretus quas inclyta Virtus
Donat habere viro, fama comitante secunda!
O, vestro, Austriade, tandem si munere, terras
Aurea Pax, votis toties optata reuisat;
Quot fontes circum patrios, Scarpiq́, fluenta,
Ad numerum Cygnos erit exaudire canentes,
Atque ex aduerso reddentes carmina valles
Magnanimúmque vrbes, & rura sonare Philippum!

PHILIPPI II. HISPANIARVM REGIS POTENTISSIMI FILIO VNICO.
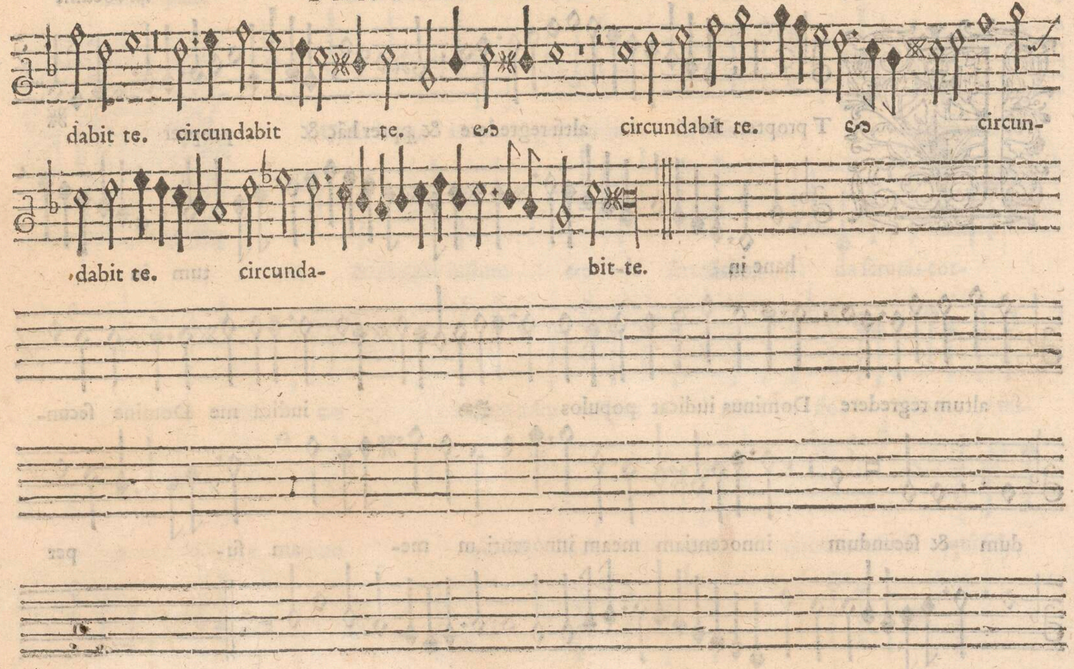

DIV MVLTVMQVE dubitaui, potentissimi parentis expectatissime filî, auderémne qualescumque ingenij mei primitias tanto tuo nomini consecrare. Vt hoc mihi sumerem faciebat cum officij mei ratio, tum incredibilis cupiditas prærogatiuam aliquam dandi addictissimæ in principem meum voluntatis. Ne præstarem & virium mearum paruitas, & tui potentatus maiestas deterrebat. Verum regiæ tuæ indolis nota omnibus gentibus humanitas (de qua etiam crebræ ad me literæ fratris mei singulare testimonium dederunt, fratris illius, inquam, mei, qui eodem isthic apud vos, quo ego hic, functus munere, superioribus annis, in aula patris tui vita quoque defunctus est) metum illum & dubitationem omnem animo depulit, spémque iniecit futurum, vt hoc munusculum grati animi significatione in bonam partem accipiatur potiùs quàm temeritate sua condemnetur. Quàm spem ne irritam esse sentiam, te oro atque obtestor, Serenissime Princeps, quem Musicæ, omniumq; artium liberalium vindicem & assertorem meritò omnes expectant, vt cantus nostros à malorum inuidia defensos tuo patrocinio tueare.
