S. D.

SICVT RELIQVAE ARTES HOC NOSTRO SAECVLO, NON VULGARITER exornatæ sunt, ita quoq; ars Musica sic splendescere cœpit, ut vix ad eius decus aliquid accedere posse quidam opinentur. De qua bene merentur cum alii, tum illi præcipue, quorum consilia ad illum finem spectant, ut religioni veræ inserviant, & propter gloriam Dei oracula cœlestia omnibus fiant commendatiora. Ideoq; videntur illi non parum res Ecclesiasticas juvare, quibus hoc unice curæ est, ut cantilenas sacras suavibus melodiis pie condecorare elaborent. Ego quoq; non postremam meorum laborum partem & pensum absolvisse videar, si pro viribus meum qualemcunq; in Musicis profectum eo contulero, ut cantilenæ ab aliis & à me numeris Musicis inclusæ, ad utilitatem publicam in lucem prodeant. Cumq; quasdam mediocri numero præstantissimorum artificum collegissem, & ego (vestigiis eorum libenter insistendo & eos imitando, etiamsi felicitatem assequi neutiquam possum) unam atq; alteram mearum cantionum adjecissem, earum editionem adornanti & quærenti patronum tua Præst: carissime affinis, amice & fautor, mihi ad eam rem visa est idonea, cui hoc quicquid est honorifica tui nominis mentione facta dedicarem. Hoc ut faciam liberius, moveor tuis in me meritis non exiguis, quæ non agnoscere ingratæ mentis argumentum esset, nec me deceret. Feci etiam hoc eo lubentius, quia de istis compositionibus recte judicare potes & soles, artem enim intelligis, propter quam me vera animi benevolentia amplecteris. Istam animi affectionem ut perpetuo conserves te amanter oro, si quid melius in tuam Præst: a me conferri poterit, agnosco me obligatum, nec meo officio unquam defuturum. Bene valere tuam Præst: opto & precor. Noribergæ, die Matthiæ Apostoli, anno Christi 1583.

ILLVSTRISSIMO PRINCIPI AC DOMINO, DOMINO LVDOVICO, DVCI VVIRTEMBERGICO AC TECCENSI, &c. COMITI MOMPELGARDENSI, DOMINO SVO CLEMENTISSIMO.

NOn tantum, Illustrißime Princeps, in aula Onoldina Illustrißimi Principis ac Domini, Domini Georgii Friderici, Marchionis Brandeburgensis, &c. clementißimi mei Domini, per aliquot annos Musica mihi demandata fuit: verum etiam postea ab amplißimo Senatu Reip. Noribergensis, ratione muneris mihi injuncti, quo adhuc fungor, eò ordinatus sum, ut Musico choro ad D. Egidii præficerer. Vtrobique verò (quod tamen citra jactantiam dictum volo,) studiosè operam dedi, ut optimorum & præstantißimorum Musicorum harmonias conquirerem & publicè privatimque instituerem. Quod cum cognovisset Typographus noster Lambertus Nedenus, de re literaria, inprimis de arte Musica, præclarè meritus, (cuius anima est in benedictione,) me scilicet magna cantionum novarum copia instructum esse: non destitit monendo & sollicitando me urgere, ut modulationes recens elaboratas, de præcipuis totius anni festis, colligerem, & typis æneis in vulgus edi paterer. Hoc ego, nimirum animo perpendens, aliquam inde utilitatem ad multas Ecclesias & Scholas redundaturam, amico denegare omnino non potui. Proinde has præsentes Motetas, à celebratißimis artificibus, præsertim in Italia hoc tempore florentibus, concinnatas, partim antea Venetiis in diversis exemplaribus excusas, partim autem prorsus novas, & nunquam typis editas, in unum corpus redigere volui: non tam ut amici petitioni satisfacerem, quàm ut earum usum Ecclesiis & Scholis communicarem, ac benignè, quemadmodum par est, concederem. Quærenti verò patronum & Mecœnatem, sub cuius tutela ac defensione Musæ nostræ in publicum prodeant, præcipuè occurrit Illustrißima tua Celsitudo, cui hoc quicquid est opellæ humilimè de-

mè dedicatum & inscriptum offero: utpote tali Principi, qui præter alias heroicas & principe dignissimas virtutes, quibus Celsitudo tua ornata est, etiam singulari favore, studio mirifico ac benevolentia paterna Musicam, tanquam divinam artem, prosequitur, eamq; non modò probè intelligit & strenuè promovet, sed etiam in aula Celsitudinis suæ non exiguum præstantissimorum Musicorum numerum liberaliter fovet, magnis beneficiis cumulat, ac honoribus amplis ornat. Quod superest, humilima animi subjectione rogo, ut Celsitudo tua hanc meam, licet tenuem, & fortassis tali principe imparem, attamen cultibus divinis inservientem & apprime necessariam, operam, ob præstantiam auctorum, clementer suscipiat, meq; sibi commendatum habeat. In Christo feliciter valeat Celsitudo tua Illustriss. Norimbergæ, 8. Calend. Augusti, anno salutis nostræ M D XVC.

Non hebbe huō forse mai cagion di pianto, piu giusta ne gli habitati

Leonardus Lechnerus Athesinus S. D.

SICVT RELIQVAE ARTES HOC NOSTRO SAECVLO, NON VULGARITER exornatæ sunt, ita quoq; ars Musica sic splendescere cœpit, ut vix ad eius decus aliquid accedere possesse quidam opinentur. De qua bene merentur cum alii, tum illi præcipue, quorum consilia ad illum finem spectant, ut religioni veræ inserviant, & propter gloriam Dei oracula cœlestia omnibus fiant commendatiora. Ideoq; videntur illi non parum res Ecclesiasticas juvare, quibus hoc unice curæ est, ut cantilenas sacras suavibus melodiis pie condecorare elaborent. Ego quoq; non postremam eorum laborum partem & pensum absolvisse videar, si pro viribus meum qualemcunq; in Musicis profectum eo contulero, ut cantilenæ ab aliis & à me numeris Musicis inclusæ, ad utilitatem publicam in lucem prodeant. Cumq; quasdam mediocri numero præstantissimorum artificum collegissem, & ego (vestigiis eorum libenter insistendo & eos imitando, etiamsi felicitatem assequi neutiquam possum) unam atq; alteram mearum cantionum adjecissem, earum editionem adornanti & quærenti patronum tua Præst: carissime affinis, amice & fautor, mihi ad eam rem visa est idonea, cui hoc quicquid est honorifica tui nominis mentione facta dedicarem. Hoc ut faciam liberius, moveor tuis in me meritis non exiguis, quæ non agnoscere ingratæ mentis argumentum esset, nec me deceret. Feci etiam hoc eo lubentius, quia de istis compositionibus recte judicare potes & soles, artem enim intelligis, propter quam me vera animi benevolentia amplecteris. Istam animi affectionem ut perpetuo conserves te amanter oro, si quid melius in tuam Præst: a me conferri poterit, agnosco me obligatum, nec meo officio unquam defuturum. Bene valere tuam Præst: opto & precor. Noribergæ, die Matthiæ Apostoli, anno Christi 1583.

NOn tantum, *Illustrißime Princeps, in aula Onoldina Illustrißimi Principis ac Domini, Domini Georgii Friderici, Marchionis Brandeburgensis, &c. clementißimi mei Domini, per aliquot annos Musica mihi demandata fuit: verum etiam postea ab amplißimo Senatu Reip. Noribergensis, ratione muneris mihi injuncti, quo adhuc fungor, eò ordinatus sum, ut Musico choro ad D. Egidii præficerer. Vtrobique verò (quod tamen citra jactantiam dictum volo,) studiosè operam dedi, ut optimorum & præstantißimorum Musicorum harmonias conquirerem & publicè privatimque instituerem. Quod cum cognovißet Typographus noster Lambertus Nedenus, de re literaria, inprimis de arte Musica, præclarè meritus, (cuius anima est in benedictione,) me scilicet magna cantionum novarum copia instructum esse: non destitit monendo & sollicitando me urgere, ut modulationes recens elaboratas, de præcipuis totius anni festis, colligerem, & typis æneis in vulgus edi paterer. Hoc ego, nimirum animo perpendens, aliquam inde utilitatem ad multas Ecclesias & Scholas redundaturam, amico denegare omnino non potui. Proinde has præsentes Motetas, à celebratißimis artificibus, præsertim in Italia hoc tempore florentibus, concinnatas, partim antea Venetiis in diversis exemplaribus excusas, partim autem prorsus novas, & nunquam typis editas, in unum corpus redigere volui: non tam ut amici petitioni satisfacerem, quàm ut earum usum Ecclesiis & Scholis communicarem, ac benignè, quemadmodum par est, concederem. Quærenti verò patronum & Mecœnatem, sub cuius tutela ac defensione Musæ nostræ in publicum prodeant, præcipuè occurrit Illustrißima tua Celsitudo, cui hoc quicquid est opellæ humilimè de-*

ineffabil corteſia, poi volò fuor de la veduta mia, ſi ch'a mirarlo indarno m'affatico,
indarno m'affati- co.

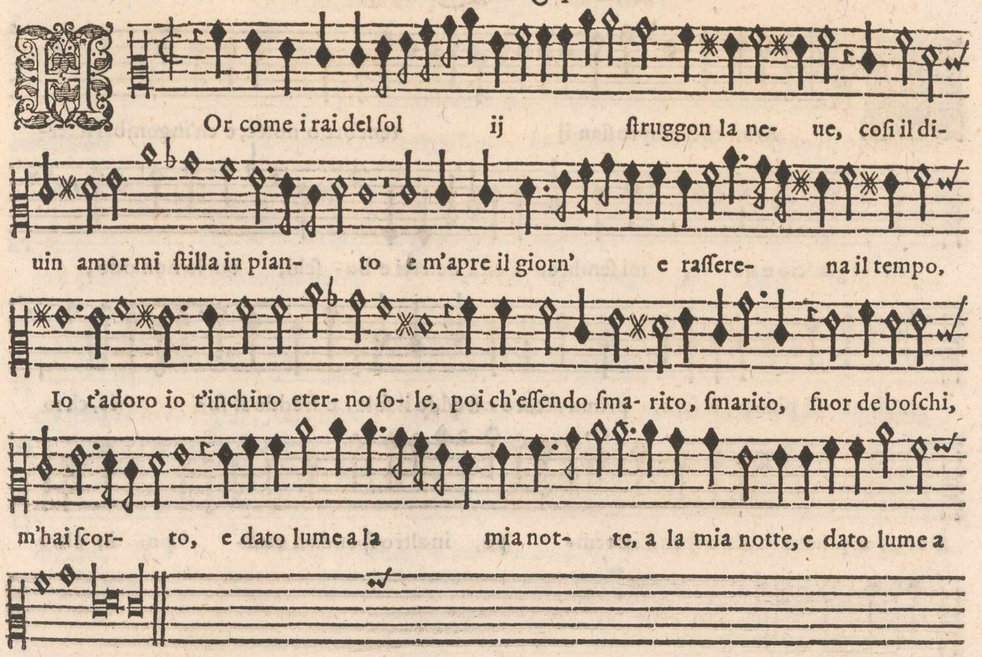

MA la sua voce ancor qua giu rim bomba, qua giu rim bomba, O voi che trauagliate, che trauagliate ecco'l camino, venite a me ij s'el passo altri non serra, qual gratia qual amore o qual destino, mi dara penn' in guisa, in guisa di colomba, ch'i mi riposi ij e levimi da terra, ij e levimi da terra, ij e levimi ij da terra.

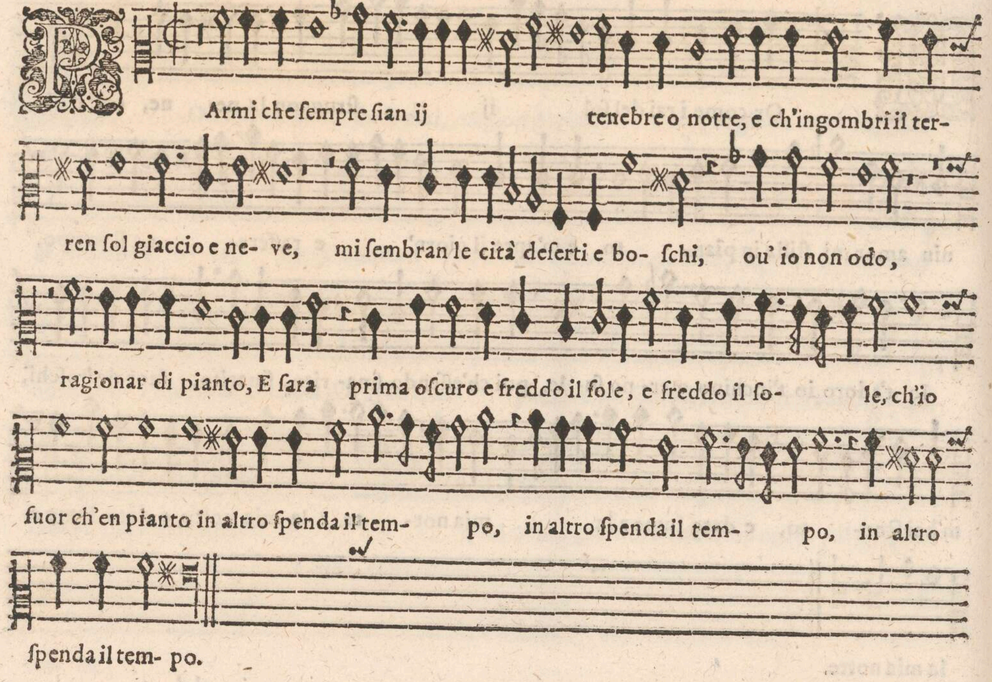

QVando il giorno da l'onde apporta il sole, e quando accende i suoi lumi la notte, Quando l'herba il terren ij copre o la neue, O sia tranquillo o sia turbato il tempo, s'io viuo fra le genti, ij s'io viuo fra le genti, o sol ij ne boschi, sempre verso ij da gliocchi vn mar di pianto, verso da liocchi vn mar di pianto.

Armi che sempre sian ij tenebre o notte, e ch'ingombri il ter-

ragionar di pianto, E sara prima oscuro e freddo il sole, e freddo il so- le, ch'io
fuor ch'en pianto in altro spenda il tem- po, in altro spenda il tem- po, in altro

L mondo muta ogni hor sta- gione e tempo, Quando e di chia-

ma sempre io vo seguir, l'af- fann' e'l pianto, ij fin ch'appaia il mio crin, fatto

De Cantionibus
ORLANDI LASSI, MV.
SICORVM NOSTRI SÆCVLI
FACILE PRINCIPIS.

AMPHION lapides rudesque silvas,
Vt Thebæ coalescerent struendæ,
Permovit resonâ lyrâ canendo:
Delphinos citharâ feros Arion
Balænasque suæ favere vitæ
Pellexit moriturus in profundo:
Et testudine blandiente caram
Orpheus Eurydicen nigris ab antris
In hasce elicuisse fertur auras.
Isthæc magna quidem, fidemque fermê
Excedentia sunt; sed ecce maius
Quiddam! Carminibus suis venustis,
Elegantibus, & melodiarum
Plenis, artifices docens magistros,
ORLANDVS meus ille LASSVS omnem
Europamque Asiamque traxit ad se,
Ad se traxit & Africam remotam:
Suaves usque adeô sonat canores,
Dulces usque adeô canit sonores.

PRÆSTANTI ET HONESTO VIRO, DOMINO PAVLO DVLNERO, CIVI NORIBERGENSI, AFFINI, FAVTORI ET AMICO SVO OPTIMO;

Leonardus Lechnerus Athesinus S. D.

SICVT RELIQVAE ARTES HOC NOSTRO SAECVLO, NON VULGARITER exornatæ sunt, ita quoq; ars Musica sic splendescere cœpit, ut vix ad eius decus aliquid accedere posse quidam opinentur. De qua bene merentur cum alii, tum illi præcipue, quorum consilia ad illum finem spectant, ut religioni veræ inserviant, & propter gloriam Dei oracula cœlestia omnibus fiant commendatiora. Ideoq; videntur illi non parum res Ecclesiasticas juvare, quibus hoc unice curæ est, ut cantilenas sacras suavibus melodiis pie condecorare elaborent. Ego quoq; non postremam meorum laborum partem & pensum absolvisse videar, si pro viribus meum qualemcunq; in Musicis profectum eo contulero, ut cantilenæ ab aliis & à me numeris Musicis inclusæ, ad utilitatem publicam in lucem prodeant. Cumq; quasdam mediocri numero præstantissimorum artificum collegissem, & ego (vestigiis eorum libenter insistendo & eos imitando, etiamsi felicitatem assequi neutiquam possum) unam atq; alteram mearum cantionum adjecissem, earum editionem adornanti & quærenti patronum tua Præst: carissime affinis, amice & fautor, mihi ad eam rem visa est idonea, cui hoc quicquid est honorifica tui nominis mentione facta dedicarem. Hoc ut faciam liberius, moveor tuis in me meritis non exiguis, quæ non agnoscere ingratæ mentis argumentum esset, nec me deceret. Feci etiam hoc eo lubentius, quia de istis compositionibus recte judicare potes & soles, artem enim intelligis, propter quam mea vera animi benevolentia amplecteris. Istam animi affectionem ut perpetuo conserves te amanter oro, si quid melius in tuam Præst: a me conferri poterit, agnosco me obligatum, nec meo officio unquam defuturum. Bene valere tuam Præst: opto & precor. Noribergæ, die Matthiæ Apostoli, anno Christi 1583.

ILLVSTRISSIMO PRINCIPI AC DOMINO, DOMINO LVDOVICO, DVCI VVIRTEMBERGICO AC TECCENSI, &c. COMITI MOMPELGARDENSI, DOMINO SVO CLEMENTISSIMO.

NOn tantum, *Illustrißime Princeps, in aula Onoldina Illustrißimi Principis ac Domini, Domini Georgii Friderici, Marchionis Brandeburgensis, &c. clementißimi mei Domini, per aliquot annos Musica mihi demandata fuit: verum etiam postea ab ampliſsimo Senatu Reip. Noribergensis, ratione muneris mihi injuncti, quo adhuc fungor, eò ordinatus sum, ut Musico choro ad D. Egidii præficerer. Vtrobique verò (quod tamen citra jactantiam dictum volo,) studiosè operam dedi, ut optimorum & præstantißimorum Musicorum harmonias conquirerem & publicè privatimque instituerem. Quod cum cognovisset Typographus noster Lambertus Nedenus, de re literaria, inprimis de arte Musica, præclarè meritus, (cuius anima est in benedictione,) me scilicet magna cantionum novarum copia instructum esse: non destitit monendo & sollicitando me urgere, ut modulationes recens elaboratas, de præcipuis totius anni festis, colligerem, & typis æneis in vulgus edi paterer. Hoc ego, nimirum animo perpendens, aliquam inde utilitatem ad multas Ecclesias & Scholas redundaturam, amico denegare omnino non potui. Proinde has præsentes Motetas, à celebratißimis artificibus, præsertim in Italia hoc tempore florentibus, concinnatas, partim antea Venetiis in diversis exemplaribus excusas, partim autem prorsus novas, & nunquam typis editas, in unum corpus redigere volui: non tam ut amici petitioni satisfacerem, quàm ut earum usum Ecclesiis & Scholis communicarem, ac benignè, quemadmodum par est, concederem. Quærenti verò patronum & Mecœnatem, sub cuius tutela ac defensione Musæ nostræ in publicum prodeant, præcipuè occurrit Illustrißima tua Celsitudo, cui hoc quicquid est opellæ humillimè de-*

Quod superest, humilima animi subjectione rogo, ut Celsitudo tua hanc meam, licet tenuem, & fortassis tali Principe imparem, attamen cultibus divinis inservientem & apprime necessariam, operam, ob præstantiam auctorum, clementer suscipiat, meq; sibi commendatum habeat. SICVT RELIQVAE ARTES HOC NOSTRO SAECVLO, NON VULGARITER exornatæ sunt, ita quoq; ars Musica sic splendescere cœpit, ut vix ad eius decus aliquid accedere posse quidam opinentur. De qua bene merentur cum alii, tum illi præcipue, quorum consilia ad illum finem spectant, ut religioni veræ inserviant, & propter gloriam Dei oracula cœlestia omnibus fiant commendatiora. Ideoq; videntur illi non parum res Ecclesiasticas juvare, quibus hoc unice curæ est, ut cantilenas sacras suavibus melodiis pie condecorare elaborent. Ego quoq; non postremam meorum laborum partem & pensum absolvisse videar, si pro viribus meum qualemcunq; in Musicis profectum eo contulero, ut cantilenæ ab aliis & à me numeris Musicis inclusæ, ad utilitatem publicam in lucem prodeant. Cumq; quasdam mediocri numero præstantissimorum artificum collegissem, & ego (vestigiis eorum libenter insistendo & eos imitando, etiamsi felicitatem assequi neutiquam possum) unam atq; alteram mearum cantionum adjecissem, earum editionem adornanti & quærenti patronum tua Præst: carissime affinis, amice & fautor, mihi ad eam rem visa est idonea, cui hoc quicquid est honorifica tui nominis mentione facta dedicarem. Hoc ut faciam liberius, moveor tuis in me meritis non exiguis, quæ non agnoscere ingrati animi argumentum esset, nec me deceret. Feci etiam hoc eo lubentius, quia de istis compositionibus recte judicare potes & soles, artem enim intelligis, propter quam me vera animi benevolentia amplecteris. Istam animi affectionem ut perpetuo conserves te amanter oro, si quid melius in tuam Præst: a me conferri poterit, agnosco me obligatum, nec meo officio unquam defuturum. Bene valeat tua Præst: opto & precor. Noribergæ, die Matthiæ Apostoli, anno Christi 1583.

NOn tantum, Illustrißime Princeps, in aula Onoldina Illustrißimi Principis ac Domini, Domini Georgii Friderici, Marchionis Brandeburgensis, &c. clementißimi mei Domini, per aliquot annos Musica mihi demandata fuit: verum etiam postea ab ampliſsimo Senatu Reip. Noribergensis, ratione muneris mihi injuncti, quo adhuc fungor, eò ordinatus sum, ut Musico choro ad D. Egidii præficerer. Vtrobique verò (quod tamen citra jactantiam dictum volo,) studiosè operam dedi, ut optimorum & præstantißimorum Musicorum harmonias conquirerem & publicè privatimque instituerem. Quod cum cognovisset Typographus noster Lambertus Nedenus, de re literaria, inprimis de arte Musica, præclarè meritus, (cuius anima est in benedictione,) me scilicet magna cantionum novarum copia instructum esse: non destitit monendo & sollicitando me urgere, ut modulationes recens elaboratas, de præcipuis totius anni festis, colligerem, & typis æneis in vulgus edi paterer. Hoc ego, nimirum animo perpendens, aliquam inde utilitatem ad multas Ecclesias & Scholas redundaturam, amico denegare omnino non potui. Proinde has præsentes Motetas, à celebratißimis artificibus, præsertim in Italia hoc tempore florentibus, concinnatas, partim antea Venetiis in diversis exemplaribus excusas, partim autem prorsus novas, & nunquam typis editas, in unum corpus redigere volui: non tam ut amici petitioni satisfacerem, quàm ut earum usum Ecclesiis & Scholis communicarem, ac benignè, quemadmodum par est, concederem. Quærenti verò patronum & Mecœnatem, sub cuius tutela ac defensione Musæ nostræ in publicum prodeant, præcipuè occurrit Illustrißima tua Celsitudo, cui hoc quicquid est opellæ humili-

O son si stanco sotto'l fascio antico, de le mie colpe, E de l'u-
sanza ri- a ch'io temo forte di mancar tra via, e di cader in man del mio nemico
per somma et ineffabil cortesia, si ch'a mirarlo indarno m'affatico.

A la sua: qua giu rim bomba, ve- nite a me s'el passo altri non serra,
mi dara penne in guisa di Colom- ba, ch'i mi ripo- si e levimi da terra,
e levimi da terra, ij ij da terra.

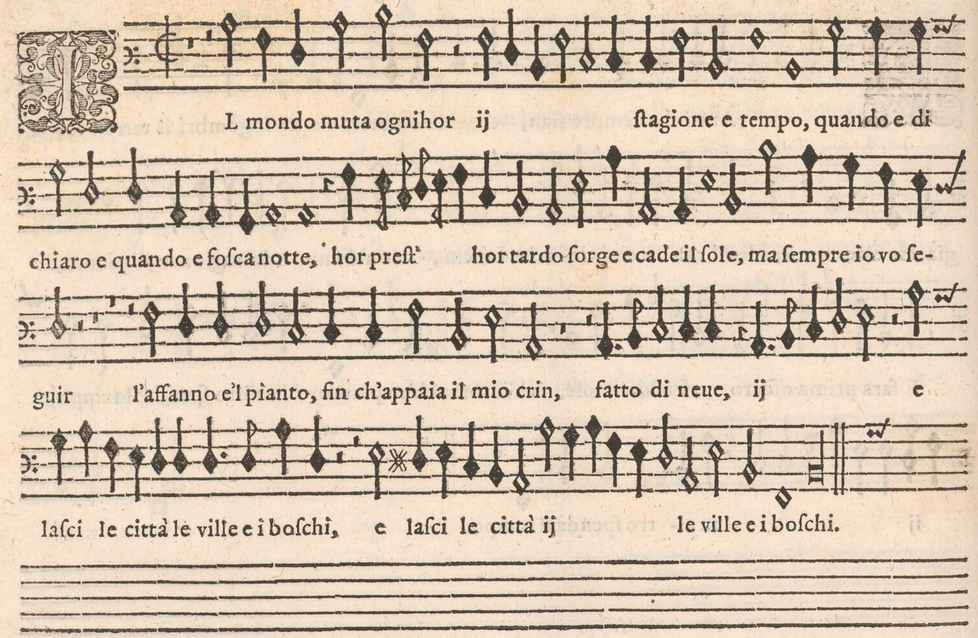

Vando: E quando accende i suoi lumi la notte quando l'herba il terren
copre o la neue, O sia tranquillo o sia turbato il tempo s'io viuo fra le genti o
sol ne boschi, sempre verso ij da gliocchi vn mar di pianto, vn mar di pianto.

On hebbe huom forse mai, Cagion di pianto, piu giusta da che appars' al mon-
do il sole, ne gli habitati lochi ouer ne boschi, perche sepolto in tenebrosa notte neghi-
toso e rubello a dio gran tempo, giacqui senz' il suo ardor freddo giacqui senz' il suo ardor,
freddo qual neue, giacqui senz' il suo ardor freddo qual neue.

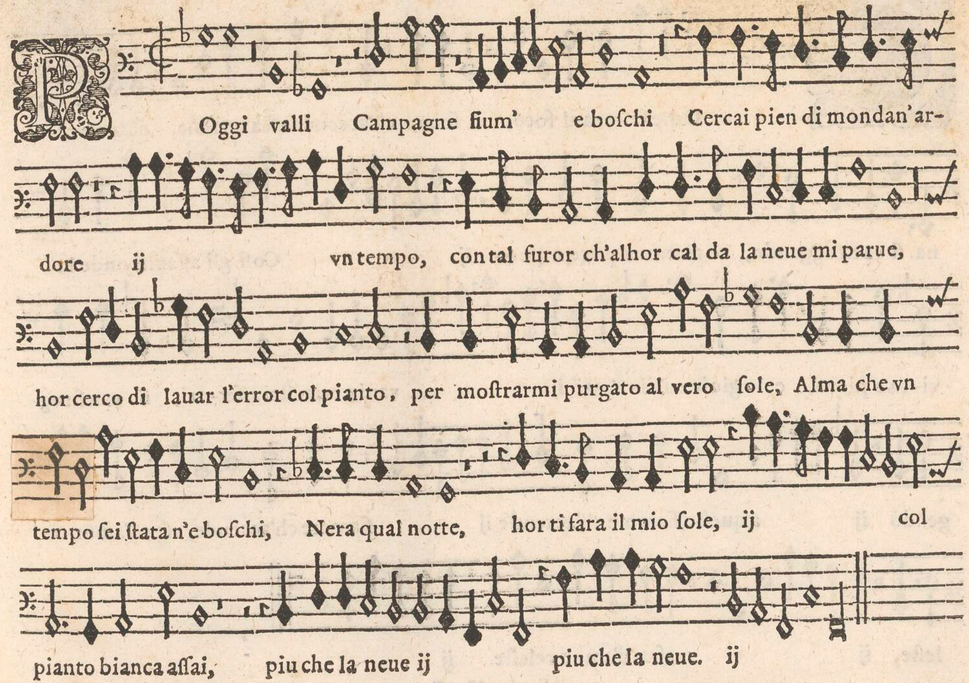

Or come i rai del sol struggon la neue, così, così il divin amor mi stil-
la in pianto Io t'adoro io t'inchino eterno sole, poi ch'essendo smarito, fuor de bo-
schi, m'hai scorto, e dato lume, e dato lume a la mia notte, ij a
la mia notte.

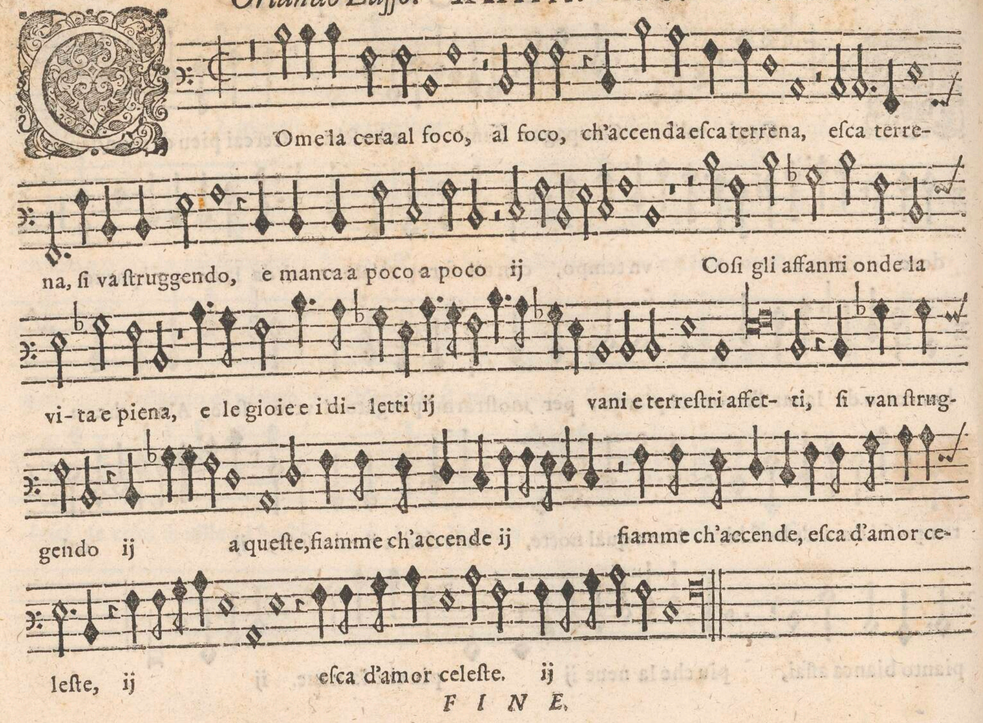

Armi che sempre sian, tenebre o notte, e ch'ingombri il terren sol
giaccio e neve, mi sembran le città deserti e boschi, ou' io non odo ragionar di pianto,
E sara prima oscuro e freddo il sole, ch'io fuor ch'en pianto, in altro spenda il tempo,
ij in al- tro spenda il tempo.

XXII. *Quinta parte.*

XXIII. *Sexta & ultima parte.*

Come la cera al foco, al foco, ch'accenda esca terrena, esca terre-
na, si va struggendo, e manca a poco a poco ij Cosi gli affanni onde la
vi-ta e piena, e le gioie e i di- letti ij vani e terrestri affet- ti, si van strug-
gendo ij a queste, fiamme ch'accende ij fiamme ch'accende, esca d'amor ce-
leste, ij esca d'amor celeste. ij

SICVT RELIQVAE ARTES HOC NOSTRO SAECVLO, NON VULGARITER exornatæ sunt, ita quoq; ars Musica sic splendescere cœpit, ut vix ad eius decus aliquid accedere posse quidam opinentur. De qua bene merentur cum alii, tum illi præcipue, quorum consilia ad illum finem spectant, ut religioni veræ inserviant, & propter gloriam Dei oracula cœlestia omnibus fiant commendatiora. Ideoq; videntur illi non parum res Ecclesiasticas juvare, quibus hoc unice curæ est, ut cantilenas sacras suavibus melodiis pie condecorare elaborent. Ego quoq; non postremam meorum laborum partem & pensum absolvisse videar, si pro viribus meum qualemcunq; in Musicis profectum eo contulero, ut cantilenæ ab aliis & à me numeris Musicis inclusæ, ad utilitatem publicam in lucem prodeant. Cumq; quasdam mediocri numero præstantissimorum artificum collegissem, & ego (vestigiis eorum libenter insistendo & eos imitando, etiamsi felicitatem assequi neutiquam possum) unam atq; alteram mearum cantionum adjecissem, earum editionem adornanti & quærenti patronum tua Præst: carissime affinis, amice & fautor, mihi ad eam rem visa est idonea, cui hoc quicquid est honorifica tui nominis mentione facta dedicarem. Hoc ut faciam liberius, moveor tuis in me meritis non exiguis, quæ non agnoscere ingratæ mentis argumentum esset, nec me deceret. Feci etiam hoc eo lubentius, quia de istis compositionibus recte judicare potes & soles, artem enim intelligis, propter quam me vera animi benevolentia amplecteris. Istam animi affectionem ut perpetuo conserves te amanter oro, si quid melius in tuam Præst: a me conferri poterit, agnosco me obligatum, nec meo officio unquam defuturum. Bene valere tuam Præst: opto & precor. Noribergæ, die Matthiæ Apostoli, anno Christi 1583.

ANNO CIↃ IↃ XVC.

ILLVSTRISSIMO PRINCIPI AC DOMINO, DOMINO LVDOVICO, DVCI VVIRTEMBERGICO AC TECCENSI, &c. COMITI MOMPELGARDENSI, DOMINO SVO CLEMENTISSIMO.

NOn tantum, Illustrißime Princeps, in aula Onoldina Illustrißimi Principis ac Domini, Domini Georgii Friderici, Marchionis Brandeburgensis, &c. clementißimi mei Domini, per aliquot annos Musica mihi demandata fuit: verum etiam postea ab amplißimo Senatu Reip. Noribergensis, ratione muneris mihi injuncti, quo adhuc fungor, eò ordinatus sum, ut Musico choro ad D. Egidii præficerer. Vtrobique verò (quod tamen citra jactantiam dictum volo,) studiosè operam dedi, ut optimorum & præstantißimorum Musicorum harmonias conquirerem & publicè privatimque instituerem. Quod cum cognovisset Typographus noster Lambertus Nedenus, de re literaria, inprimis de arte Musica, præclarè meritus, (cuius anima est in benedictione,) me scilicet magna cantionum novarum copia instructum esse: non destitit monendo & sollicitando me urgere, ut modulationes recens elaboratas, de præcipuis totius anni festis, colligerem, & typis æneis in vulgus edi paterer. Hoc ego, nimirum animo perpendens, aliquam inde utilitatem ad multas Ecclesias & Scholas redundaturam, amico denegare omnino non potui. Proinde has præsentes Motetas, à celebratißimis artificibus, præsertim in Italia hoc tempore florentibus, concinnatas, partim antea Venetiis in diversis exemplaribus excusas, partim autem prorsus novas, & nunquam typis editas, in unum corpus redigere volui: non tam ut amici petitioni satisfacerem, quàm ut earum usum Ecclesiis & Scholis communicarem, ac benignè, quemadmodum par est, concederem. Quærenti verò patronum & Mecœnatem, sub cuius tutela ac defensione Musæ nostræ in publicum prodeant, præcipuè occurrit Illustrißima tua Celsitudo, cui hoc quicquid est opellæ humilimè de-

mè dedicatum & inscriptum offero: utpote tali Principi, qui prater alias heroicas & principe dignissimas virtutes, quibus Celsitudo tua ornata est, etiam singulari favore, studio mirifico ac benevolentia paterna Musicam, tanquam divinam artem, prosequitur, eamq; non modò probè intelligit & strenuè promovet, sed etiam in aula Celsitudinis suæ non exiguum præstantissimorum Musicorum numerum liberaliter fovet, magnis beneficiis cumulat, ac honoribus amplis ornat. Quod superest, humilima animi subjectione rogo, ut Celsitudo tua hanc meam, licet tenuem, & fortassis tali Principe imparem, attamen cultibus divinis inservientem & apprime necessariam, operam, ob præstantiam auctorum, clementer suscipiat, meq; sibi commendatum habeat. In Christo feliciter valeat Celsitudo tua Illustriss. Norimbergæ, 8. Calend. Augusti, anno salutis nostræ M D XVC.

O nõ ſapea da tal viſta, da tal viſta leuarme, Io nõ ſapea da tal viſta le-
uarme, da tal: quand' io udi, pon mente, pon mente a l'altro lato, che s'acquiſta ben
pregio, che s'acquiſta ij ben pregio altro che d'arme, altro che d'arme, volſimi da mã man-

Vand'io penso al fuggir ratto de l'hore, E veggio mentre parlo il volto e'l

fra le vane speranze, e'l van timo- re.

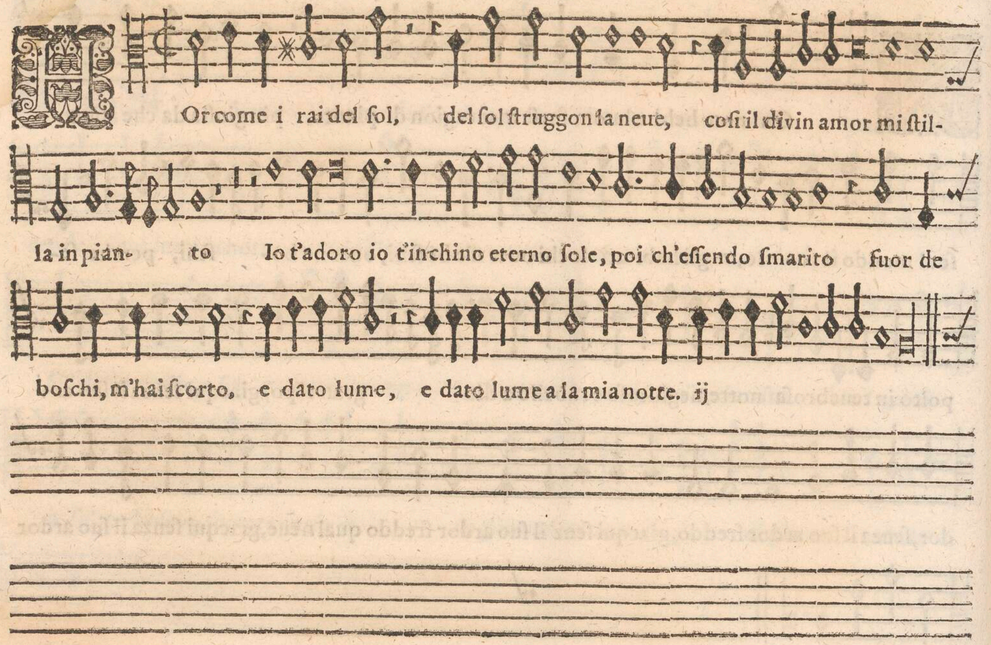

Edi gli dico, ij ch'a tuoi danni spira, la morte che s'en viene a gran

Vando il giorno da l'onde apporta il sole, apporta il sole e quando ac-
cende i suoi lumi la notte, quando l'herba ij il terren, copre o la neue, ij
O sia tranquillo o sia turbato il tempo, s'io viuo fra le genti, s'io viuo fra le genti
o sol ne boschi, sempre verso ij da gliocchi vn mar ij di pianto, vn mar
di pianto.

On non hebbe huom forse mai cagion di pianto, piu giusta da che appar-
se al mondo il so- le, ne gli habitati lochi ouer n'e boschi, ouer ne bo- schi, perche se-
polto in tenebrosa notte, neghitoso e rubello a dio gran tẽpo, giacqui senza il suo ar-
dor, senza il suo ardor freddo, giacqui senz' il suo ardor freddo qual neue, giacqui senza il suo ardor
freddo qual neue.

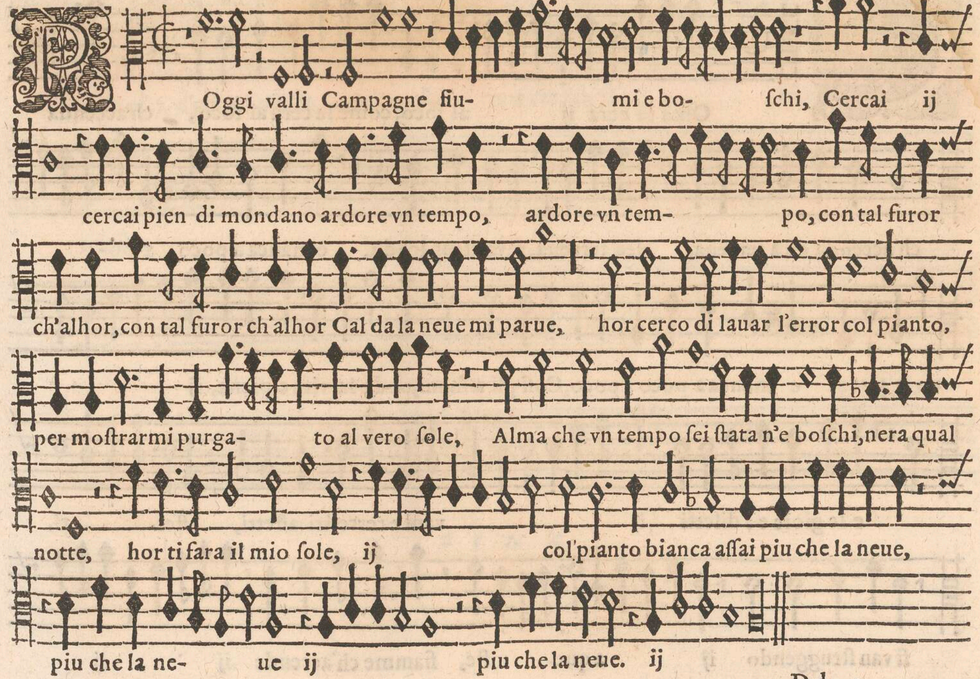

Or come i rai del sol, del sol struggon la neue, così il divin amor mi stil-
la in pian- to Io t'adoro io t'inchino eterno sole, poi ch'essendo smarito fuor de
boschi, m'hai scorto, e dato lume, e dato lume a la mia notte. ij

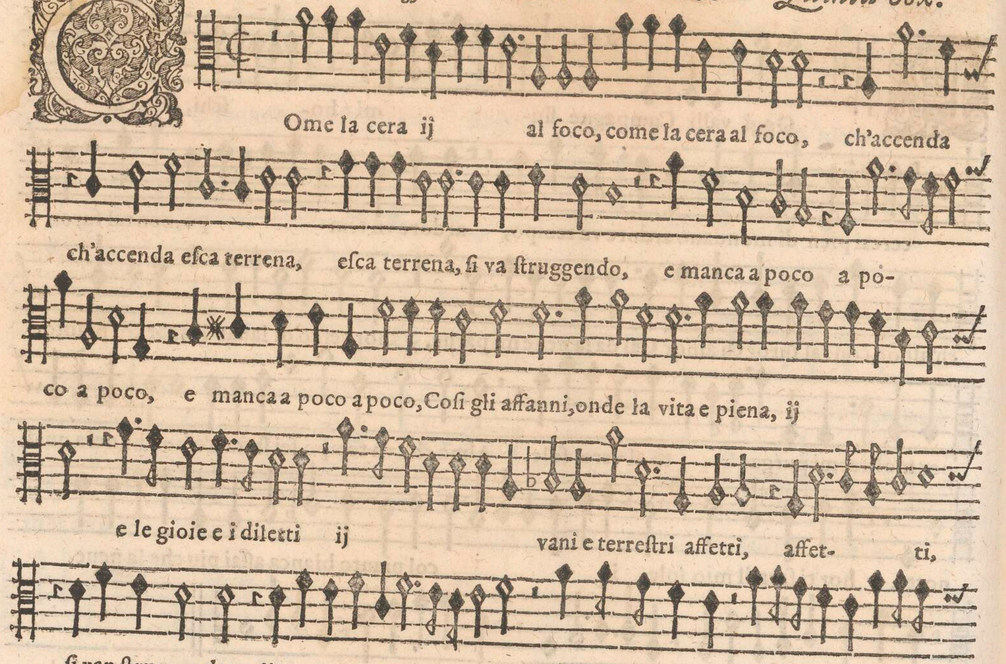

Parmi che sempre sian, ij parmi che sempre sian tenebre o
not- te, e ch'ingombri il terren sol giaccio e ne- ve, mi sembran le città deserti e
boschi, ou' io non odo, ragionar di pian- to, E sa- ra prima oscuro e freddo il sole,
e freddo il sole ch'io fuor ch'en pian- to in altro spenda il tempo, in altro spenda il
tempo. ij

SICVT RELIQVAE ARTES HOC NOSTRO SAECVLO, NON VULGARITER exornatæ sunt, ita quoq; ars Musica sic splendescere cœpit, ut vix ad eius decus aliquid accedere posse quidam opinentur. De qua bene merentur cum alii, tum illi præcipue, quorum consilia ad illum finem spectant, ut religioni veræ inserviant, & propter gloriam Dei oracula cœlestia omnibus fiant commendatiora. Ideoq; videntur illi non parum res Ecclesiasticas juvare, quibus hoc unice curæ est, ut cantilenas sacras suavibus melodiis pie condecorare elaborent. Ego quoq; non postremam meorum laborum partem & pensum absolvisse videar, si pro viribus meum qualemcunq; in Musicis profectum eo contulero, ut cantilenæ ab aliis & à me numeris Musicis inclusæ, ad utilitatem publicam in lucem prodeant. Cumq; quasdam mediocri numero præstantissimorum artificum collegissem, & ego (vestigiis eorum libenter insistendo & eos imitando, etiamsi felicitatem assequi neutiquam possum) unam atq; alteram mearum cantionum adjecissem, earum editionem adornanti & quærenti patronum tua Præst: carissime affinis, amice & fautor, mihi ad eam rem visa est idonea, cui hoc quicquid est honorifica tui nominis mentione facta dedicarem. Hoc ut faciam liberius, moveor tuis in me meritis non exiguis, quæ non agnoscere ingrata mentis argumentum esset, nec me deceret. Feci etiam hoc eo lubentius, quia de istis compositionibus recte judicare potes & soles, artem enim intelligis, propter quam me vera animi benevolentia amplecteris. Istam animi affectionem ut perpetuo conserves te amanter oro, si quid melius in tuam Præst: a me conferri poterit, agnosco me obligatum, nec meo officio unquam defuturum. Bene valere tuam Præst: opto & precor. Noribergæ, die Matthiæ Apostoli, anno Christi 1583.

ILLVSTRISSIMO PRINCIPI AC DOMINO, DOMINO LVDOVICO, DVCI VVIRTEMBERGICO AC TECCENSI, &c. COMITI MOMPELGARDENSI, DOMINO SVO CLEMENTISSIMO.

NOn tantum, Illustrissime Princeps, in aula Onoldina Illustrissimi Principis ac Domini, Domini Georgii Friderici, Marchionis Brandeburgensis, &c. clementissimi mei Domini, per aliquot annos Musica mihi demandata fuit: verum etiam postea ab amplissimo Senatu Reip. Noribergensis, ratione muneris mihi injuncti, quo adhuc fungor, eò ordinatus sum, ut Musico choro ad D. Egidii præficerer. Vtrobique verò (quod tamen citra jactantiam dictum volo,) studiosè operam dedi, ut optimorum & præstantissimorum Musicorum harmonias conquirerem & publicè privatimque instituerem. Quod cum cognovisset Typographus noster Lambertus Nedenus, de re literaria, inprimis de arte Musica, præclarè meritus, (cuius anima est in benedictione,) me scilicet magna cantionum novarum copia instructum esse: non destitit monendo & sollicitando me urgere, ut modulationes recens elaboratas, de præcipuis totius anni festis, colligerem, & typis æneis in vulgus edi paterer. Hoc ego, nimirum animo perpendens, aliquam inde utilitatem ad multas Ecclesias & Scholas redundaturam, amico denegare omnino non potui. Proinde has præsentes Motetas, à celebratissimis artificibus, præsertim in Italia hoc tempore florentibus, concinnatas, partim antea Venetiis in diversis exemplaribus excusas, partim autem prorsus novas, & nunquam typis editas, in unum corpus redigere volui: non tam ut amici petitioni satisfacerem, quàm ut earum usum Ecclesiis & Scholis communicarem, ac benignè, quemadmodum par est, concederem. Quærenti verò patronum & Mecœnatem, sub cuius tutela ac defensione Musæ nostræ in publicum prodeant, præcipuè occurrit Illustrissima tua Celsitudo, cui hoc quicquid est opellæ humilimè de-

mè dedicatum & inscriptum offero: utpote tali Principi, qui præter alias heroicas & principe dignissimas virtutes, quibus Celsitudo tua ornata est, etiam singulari favore, studio mirifico ac benevolentia paterna Musicam, tanquam divinam artem, prosequitur, eamq; non modò probè intelligit & strenuè promovet, sed etiam in aula Celsitudinis suæ non exiguum præstantissimorum Musicorum numerum liberaliter fovet, magnis beneficiis cumulat, ac honoribus amplis ornat. Quod superest, humilima animi subjectione rogo, ut Celsitudo tua hanc meam, licet tenuem, & fortassis tali Principe imparem, attamen cultibus divinis inservientem & apprime necessariam, operam, ob præstantiam auctorum, clementer suscipiat, meq; sibi commendatum habeat. In Christo feliciter valeat Celsitudo tua Illustriss. Noribergæ, 8. Calend. Augusti, anno salutis nostræ M D XVC.
