Den E. Hoogh-geleerden en Konſt-
rycken Heere.

BARTHOLDUS NIHUSIUS.

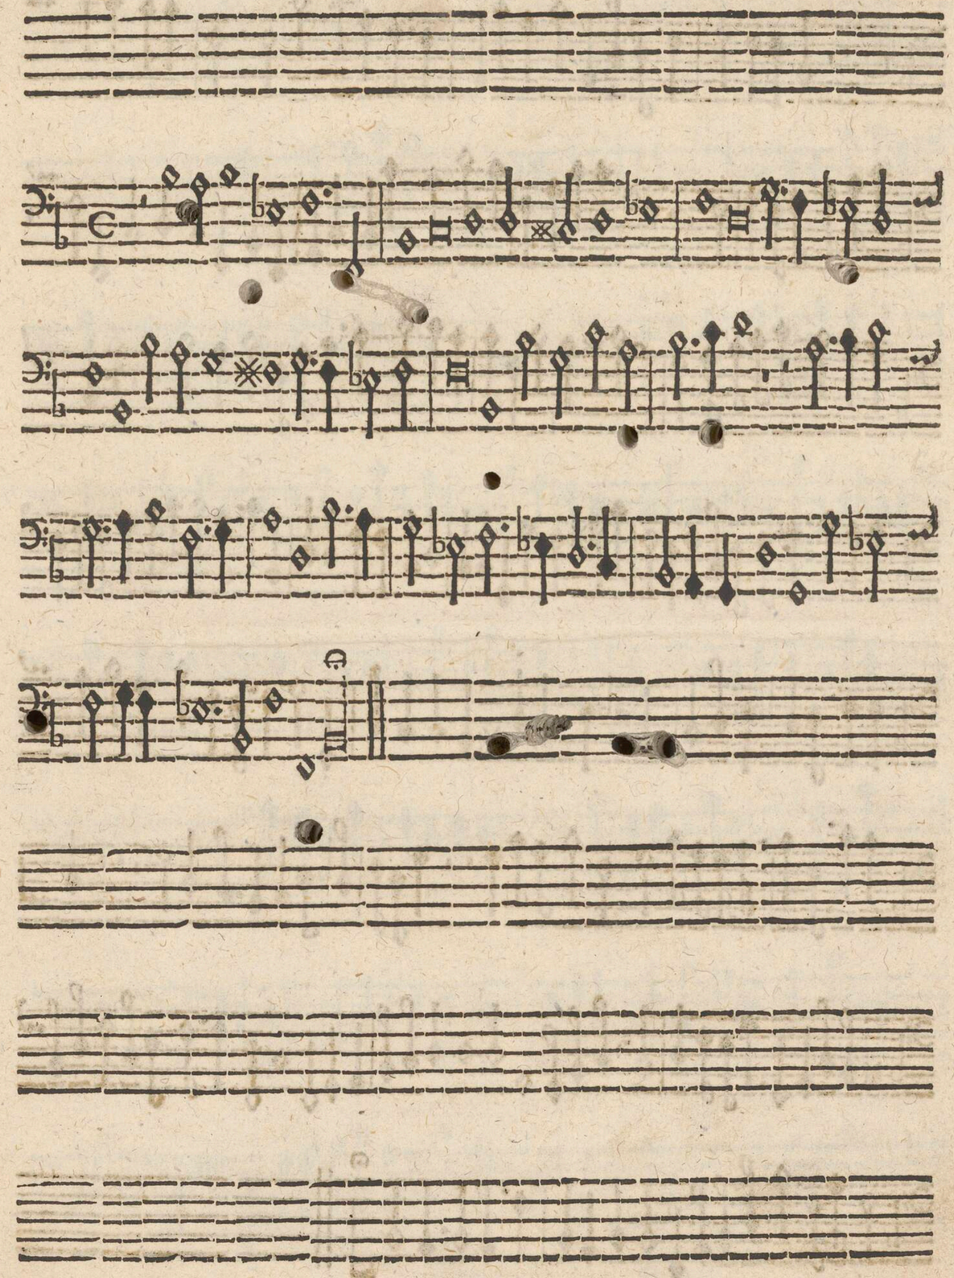

NAer dien de danckbaerheydt niet alleen beſtaet in voldoeninge, maer oock in ſchuldtkennis, zoo vind ick my verplicht niet te verſuymen de gelegentheydt waer in ick magh betoonen dat myn genegentheyt ſtreckt om U E: yets op te offeren 't geene hem aengenaem zoude konnen zyn. En dewyle ook van my zelf niet bezitte, dat myne ſchuldt en U E: veelvoudige gedienſtigheyt naer waerdye kan betalen: Zoo hebbe ick daer toe uytheemſche en treffelyke Speel-ſtucken gezocht, die niet alleen om haer vreemdigheyt, maer ook wonderlyke konſt koſtelyk geacht werden. Dit zyn deze Koninghlycke FANTASIEN, zoo ick recht genoemt, om datſe tot vermaeck der grootſte Monarchen van *Europe* geſtelt zyn, en weerdigh gevonden om de Bruylofts-ſtaetſi van *Spanje* en *Engeland* te verheerlycken; dewelke miſlukt zynde, is het ons geluk geweeſt datſe hier te lande, als in behouden haven, by onſen *Stantvaſtigen* Holandſchen *Apollo* gelandt zyn, van waerſe door eenige Konſtrycke Geeſten ons ter handen komen, en nergens beter van my konnen opgedragen werden, dan onder U E: Konſtlievende bewaernis, daerſe U E: als een pant van myne dienſtwilligheyt gelieve t' ontfangen, en te bevryden voor d'afgunſtige die het koſtelykſte dat zy hebben voor de Lief-hebbers verbergen, ende lieve daeten vergaen dan gebruycken. Tegens welck miſbruyk de Druck-kunſt nut en noodigh is, en van alle wyze en geleerde Mannen (daer onder U E: mede vermaert is) als een trouwe Voeſter geacht wordt. Derhalven zal ick my bevlytigen om dickwils eenige ſchoone Speel-ſtucken, ende voornaemelyck van deze zelve Konſtrycke Speel-meeſters, in 't licht te brengen, ende voorts altyd trachten te bewyzen, dat ick ben
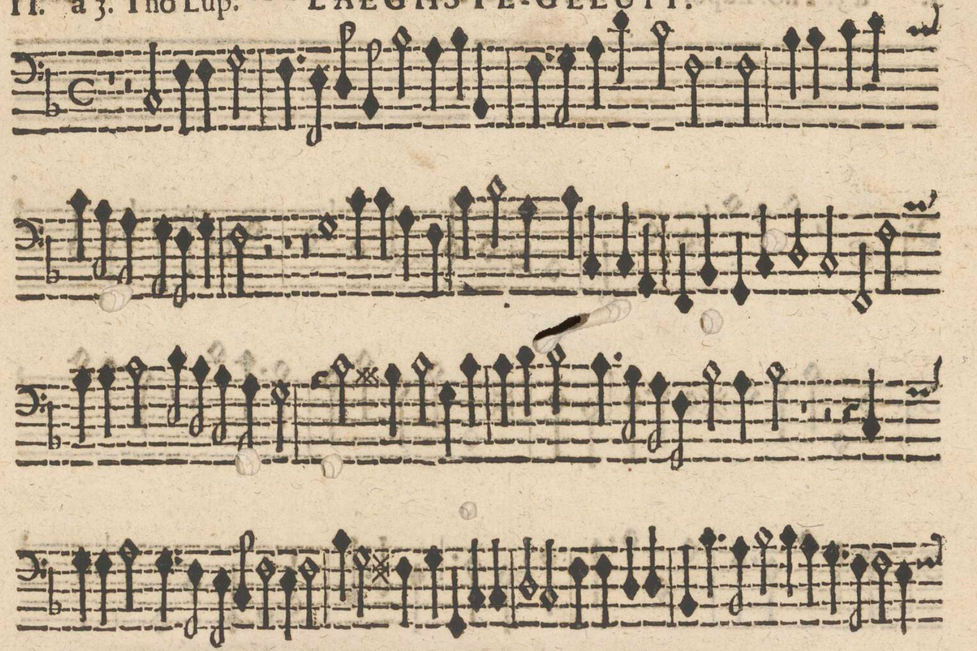

Myn Heere

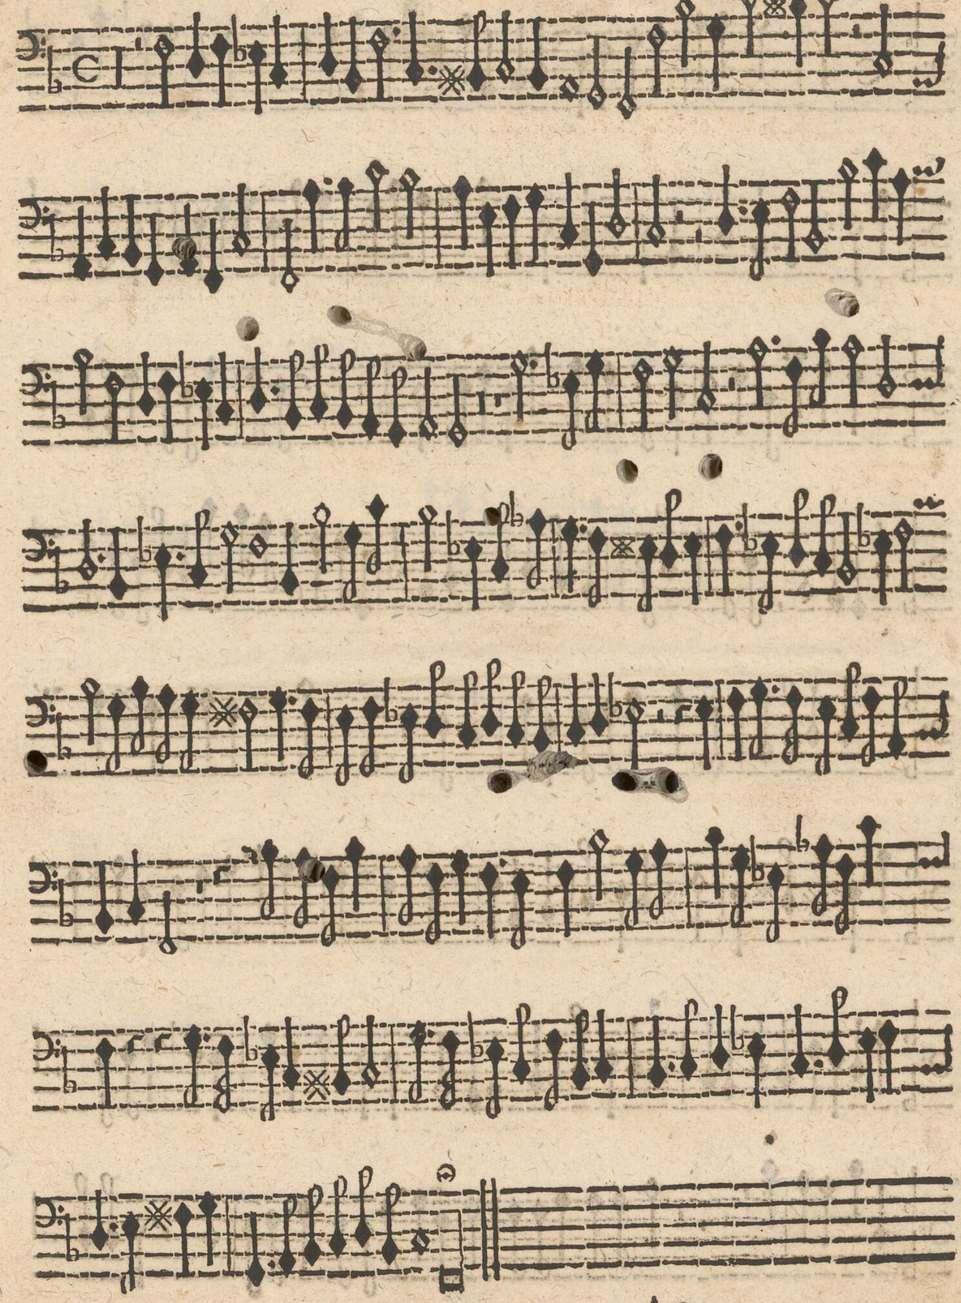

U E:
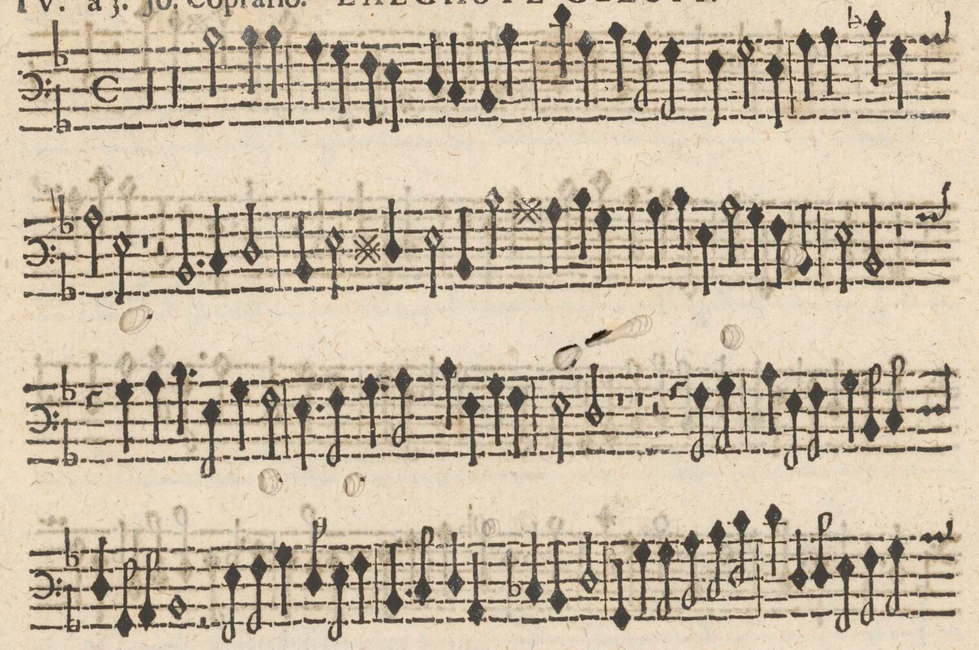

dienſt-ſchuldige Dienaer
